Harmony® One

Advanced Universal Remote Control with Color Touch Screen

One-Touch Simplicity for Your Home Entertainment

The color touch screen and sculpted buttons, organized into logical zones with backlighting, give you easy, one-touch access to your home entertainment – even in the dark. The ergonomic design fits comfortably in your hand. And with support for more than 5,000 brands, you can control home-entertainment devices you own today or will buy tomorrow.

Key Features

- Intuitive color touch screen for easy, one-touch access to your entertainment
- Sculpted buttons with backlighting for easy navigation, even in the dark
- Contoured design that fits comfortably in your hand
- Rechargeable lithium-ion battery with sleek recharging stand
- Seamless control of up to 15 components, including HDTVs, DVDs, stereos, and more

Harmony® One

Advanced Universal Remote Control with Color Touch Screen

Logitech®

Intuitive Color Touch Screen for Easy, One-Touch Access to Your Entertainment

One-touch, activity-based control provides any member of the family with easy access to home entertainment. Just press a single button, and the Harmony remote will do the work for you.

Sculpted Buttons with Backlighting for Easy Navigation, Even in the Dark

The sculpted buttons on the Harmony One remote have been organized into logical zones, making it easy to find the function that you're looking for – even in the dark.

Contoured Design that Fits Comfortably in Your Hand

The shape of the Harmony One remote has been ergonomically designed to fit comfortably in your hand. By helping position your hand in just the right spot on the remote, the distinctly shaped grips give you easy access to key buttons.

Rechargeable Li-Ion Battery with Sleek Recharging Stand

The Harmony One remote is rechargeable, so you won't need to worry about buying new batteries. And the battery indicator lets you know when the battery needs recharging.
